MEMORANDUM FOR: Deputy Project Director

SUBJECT : Knowledgeability of Air Force Officers

25X1A I refer to your memorandum of 11 January 1956 on the visit of Air Force officers [redacted] (SAPC-3317), which in turn was in response to an earlier memorandum of mine. Just to close the record, I am relieved by your explanation of the knowledgeability of various ARDC and AMC officers and agree that the number could not have been kept much smaller. I also agree with your view that we must establish categories of knowledgeability since knowledge of the aircraft will soon begin to spread to a wide circle whereas knowledge of this Project must remain limited.
